

# DevOps Gathering

MARCH 9 - 11, 2020  
IN BOCHUM, GERMANY

**PROUDLY PRESENTED BY  
COMMUNICODE**

DEVOPS-GATHERING.IO

The background of the slide is a photograph of a modern interior space, likely a lounge or cafe. It features vibrant red walls and white, curved, booth-like seating. Several people are visible sitting at the tables, engaged in conversation or work. The lighting is warm and ambient, creating a contemporary and inviting atmosphere.

## ABOUT

---

The DevOps Gathering is an international community conference located in Bochum - surrounded by the metropolitan area of the Ruhr Valley. This melting pot of past times industrial revolutions is nowadays a hot spot for Germany's IT industry - a perfect place to discuss the next big revolution of our industry, the DevOps revolution. Let's discuss the hot topics inside the DevOps community and start talking about CNCF-Projects, Container Ecosystems, Kubernetes, Microservices, Serverless, Clouds and everything else regarding the DevOps culture

The bee42 solutions gmbh has been hosting this conference striving for high-quality content and providing a platform for experienced international speakers at the G Data Campus in the heart of Bochum - Germany.

We are happy to announce that Peter Rossbach and the communicode AG from Essen will act jointly in future. The DevOps Gathering will take place as you are used to and we still will stand by your side for any kind of information.
